TEST BOOKLET NO-25039

PAPER-III- GENERAL STUDIES

Time : 03:00 hrs

Maximum Marks: 200

INSTRUCTIONS TO CANDIDATES

Read the instructions carefully before answering the questions: -

1. This Test Booklet consists of 16 (Sixteen) pages and has 100(one hundred) items (questions).
2. IMMEDIATELY AFTER THE COMMENCEMENT OF THE EXAMINATION, YOU SHOULD CHECK THAT THIS BOOKLET **DOES NOT** HAVE ANY UNPRINTED OR TORN OR MISSING PAGES OR ITEMS ETC. IF SO, GET IT REPLACED BY A COMPLETE TEST BOOKLET.
3. Please note that it is the candidate's responsibility to fill in the Roll Number and other required details carefully and without any omission or discrepancy at the appropriate places in the OMR Answer Sheet. Any omission/discrepancy will render the OMR Answer Sheet liable for rejection.
4. Do not write anything else on the OMR Answer Sheet except the required information. Before you proceed to mark in the OMR Answer Sheet, please ensure that you have filled in the required particulars as per given instructions.
5. Use **only Black Ball Point Pen** to fill the OMR Answer Sheet.
6. The question booklet consists of **Multiple Choice-based Questions**. The answers to these questions have to be marked in the **OMR Answer Sheet** provided to you.
7. In Part-I, each item (question) comprises of 04 (four) responses (answers). You are required to select the response which you want to mark on the OMR Answer Sheet. In case you feel that there is more than one correct response, mark the response which you consider the best. In any case, choose **ONLY ONE** response for each item.
8. After you have completed filling in all your responses on the OMR Answer Sheet and the examination has concluded, you should hand over to the Invigilator **only the OMR Answer Sheet** You are permitted to take the Test Booklet with you.
9. **Penalty for wrong answers in Multiple Choice-based Questions:**

THERE WILL BE **PENALTY** FOR WRONG ANSWERS MARKED BY A CANDIDATE.

- (i) There are four alternatives for the answer to every question. For each question for which a wrong answer has been given by the candidate, **one-third** of the marks assigned to the question will be deducted as penalty.
- (ii) If a candidate gives more than one answer, it will be treated as a **wrong answer** even if one of the given answers happens to be correct and there will be same penalty as above to the question.
- (iii) If a question is left blank. i.e., no answer is given by the candidate, there will be **no penalty** for that question.

DO NOT OPEN THIS TEST BOOKLET UNTIL YOU ARE ASKED TO DO SO

MULTIPLE CHOICE BASED QUESTIONS

Instructions for Questions 1 to 100:

- Choose the correct answer for the following questions
- Each question carries 2 marks (100 x 2 = 200 marks)

1. Which of the following best describes the “cell theory”?
A) All living organisms are composed of cells and cell products.
B) Cells arise only from pre-existing cells.
C) The cell is the structural and functional unit of life.
D) All of the above.
2. The exchange of gases between blood and tissues occurs by:
A) Active transport
B) Diffusion
C) Osmosis
D) Filtration
3. A hormone secreted during stress that raises blood glucose is:
A) Insulin
B) Adrenaline
C) Thyroxine
D) Aldosterone
4. In genetics, the term “phenotype” refers to:
A) The genetic constitution
B) The expressed trait
C) A recessive gene
D) A mutation
5. A pheromone is best described as a:
A) Neurotransmitter
B) Hormone acting within the same organism
C) Chemical used for inter-individual communication
D) Digestive enzyme
6. The work done in moving a charge in a uniform electric field depends on:
A) Displacement only
B) Potential difference
C) Path taken
D) Both A and B

7. When a current-carrying conductor is placed in a magnetic field, it experiences a force due to:
- A) Electrostatic interaction
 - B) Magnetic Lorentz force
 - C) Induction
 - D) None
8. Ohm's law fails for:
- A) Metals
 - B) Semiconductors
 - C) Electrolytes
 - D) Both B and C
9. The phenomenon responsible for rainbow formation is:
- A) Refraction and dispersion
 - B) Diffraction
 - C) Interference
 - D) Polarization
10. A transformer works on the principle of:
- A) Self induction
 - B) Mutual induction
 - C) Capacitance
 - D) Resistance
11. Which law states that mass is neither created nor destroyed in a chemical reaction?
- A) Law of constant proportion
 - B) Law of conservation of mass
 - C) Boyle's law
 - D) Avogadro's law
12. The bond formed by sharing of electrons is called:
- A) Ionic
 - B) Covalent
 - C) Metallic
 - D) Coordinate
13. The rate of a reaction depends on:
- A) Concentration of reactants
 - B) Temperature
 - C) Catalyst
 - D) All of the above

14. Phenolphthalein turns pink in:
- A) Acidic
 - B) Neutral
 - C) Basic
 - D) Both B and C
15. The main constituents of bronze are:
- A) Copper and zinc
 - B) Copper and tin
 - C) Copper and lead
 - D) Zinc and lead
16. Encryption and decryption in cybersecurity are part of:
- A) Cryptography
 - B) Encoding
 - C) Data mining
 - D) Cloud computing
17. SQL is used for:
- A) Image editing
 - B) Web design
 - C) Database management
 - D) Hardware control
18. Machine learning differs from traditional programming because it:
- A) Uses explicit instructions
 - B) Learns from data
 - C) Requires no data
 - D) Has fixed outputs
19. In robotics, the term “degrees of freedom” refers to:
- A) Power capacity
 - B) Axes of movement
 - C) Number of sensors
 - D) Data bits
20. In e-commerce, “SSL certificate” ensures:
- A) Website design aesthetics
 - B) Secure data transmission
 - C) High sales
 - D) Data compression

21. The payload of Chandrayaan-3 primarily studied:
- A) Jupiter's atmosphere
 - B) Lunar surface composition
 - C) Solar winds
 - D) Earth's orbit
22. DRDO's primary role is:
- A) Agricultural research
 - B) Defence systems development
 - C) Meteorological study
 - D) Geological mapping
23. Nanotechnology contributes to medicine by:
- A) Enhancing light speed
 - B) Targeted drug delivery
 - C) Genetic mutation
 - D) Nutrient depletion
24. India's renewable energy mission primarily promotes:
- A) Nuclear power
 - B) Solar and wind power
 - C) Fossil fuels
 - D) Thermal expansion
25. The indigenously developed supercomputer series of India is:
- A) PARAM
 - B) ENIAC
 - C) Deep Blue
 - D) Watson
26. The "black soil" region of India is most suitable for the cultivation of:
- A) Rice
 - B) Tea
 - C) Cotton
 - D) Wheat
27. The retreating monsoon in India occurs during:
- A) June–September
 - B) October–November
 - C) December–February
 - D) March–May

28. The El Niño phenomenon originates in which part of the world?
- A) North Atlantic Ocean
 - B) Pacific Ocean near Peru
 - C) Indian Ocean
 - D) Arctic Ocean
29. Which cropping pattern best represents Indian agriculture?
- A) Subsistence farming
 - B) Commercial monocropping
 - C) Extensive mechanized farming
 - D) Nomadic herding
30. The 'Blue Revolution' in India is related to:
- A) Irrigation
 - B) Fisheries
 - C) Water conservation
 - D) Dairy development
31. The Deccan Plateau in India is mainly composed of:
- A) Granite
 - B) Basalt
 - C) Shale
 - D) Quartzite
32. Which igneous rock has the highest silica content?
- A) Basalt
 - B) Diorite
 - C) Granite
 - D) Gabbro
33. The "Pacific Ring of Fire" is associated primarily with:
- A) Droughts and cyclones
 - B) Earthquakes and volcanic activity
 - C) Glacial erosion
 - D) Desert formation
34. Mediterranean climate is characterized by:
- A) Hot, wet summers and cold, dry winters
 - B) Hot, dry summers and mild, wet winters
 - C) Uniform rainfall throughout the year
 - D) Very low rainfall and high diurnal range

35. The "Horn of Africa" includes which of the following countries?
- A) Kenya, Uganda, Tanzania
 - B) Ethiopia, Somalia, Eritrea, Djibouti
 - C) Sudan, Chad, Niger
 - D) Egypt, Libya, Tunisia
36. Which country has the largest number of active volcanoes?
- A) Japan
 - B) Indonesia
 - C) United States
 - D) Philippines
37. The concept of "Isostasy" in geology relates to...
- A) The equilibrium between lithosphere and asthenosphere
 - B) Movement of tectonic plates due to convection currents
 - C) Folding and faulting of rocks under pressure
 - D) Sedimentary layering on continental shelves
38. The "Polar Front Theory" of cyclones was propounded by:
- A) C.T. Russell
 - B) Vilhelm and Jacob Bjerknes
 - C) Köppen and Geiger
 - D) Thornthwaite and Mather
39. The term "orogeny" refers to:
- A) River erosion process
 - B) Mountain-building process
 - C) Glacial movement
 - D) Wind deposition
40. The average salinity of the oceans is approximately:
- A) 25‰
 - B) 30‰
 - C) 35‰
 - D) 40‰
41. The "Great Green Wall" initiative aims to combat desertification in:
- A) Australia
 - B) Africa's Sahel region
 - C) Middle East
 - D) Central Asia

42. The theme of 2025 G20 Johannesburg Summit is:
- A) Only economic growth in the Global North
 - B) Solidarity, equality and sustainability
 - C) Retiring fossil fuels by 2026
 - D) Excluding African countries from decision-making
43. The Caribbean island of Jamaica was hit by which major storm in 2025, according to recent reports?
- A) Hurricane Katrina
 - B) Hurricane Sandy
 - C) Hurricane Melissa
 - D) Typhoon Haiyan
44. The Coriolis effect in the atmosphere is a result of:
- A) Pressure gradient force
 - B) Rotation of the Earth
 - C) Solar heating
 - D) Frictional force
45. Lake Baikal is geologically significant because:
- A) It is a volcanic crater lake
 - B) It is the world's oldest and deepest rift lake
 - C) It is formed by glacial moraine damming
 - D) It is a tectonic dome lake
46. The Sundarbans ecosystem is crucial for water bodies because:
- A) It prevents river floods inland
 - B) It stabilizes coastlines and reduces saltwater intrusion
 - C) It converts freshwater into saltwater
 - D) It produces tidal waves
47. The albedo effect of ice caps refers to:
- A) Their ability to store freshwater
 - B) The reflection of solar radiation back into space
 - C) The melting rate of glaciers
 - D) The thickness of ice relative to snow cover
48. Which polar region is warming fastest according to recent IPCC reports?
- A) Antarctic Peninsula
 - B) East Antarctica
 - C) Arctic
 - D) Greenland Plateau

49. The Iberian Peninsula is primarily made up of which countries?
- A) France and Germany
 - B) Spain and Portugal
 - C) Italy and Greece
 - D) Norway and Sweden
50. Which type of soil erosion is caused primarily by running water in thin sheets over a slope?
- A) Gully erosion
 - B) Rill erosion
 - C) Sheet erosion
 - D) Wind erosion
51. According to Karl Marx, the *base* of society consists of:
- A) Political institutions and ideology.
 - B) Social relations of production and economic structure.
 - C) Legal and cultural systems.
 - D) Collective consciousness.
52. Which of the following is **not** a salient feature of Indian society?
- A) Hierarchical social stratification
 - B) Caste-based occupational specialization
 - C) Absence of religious pluralism
 - D) Joint family system
53. The caste system in India is primarily based on:
- A) Achieved status
 - B) Ascribed status
 - C) Economic class
 - D) Political affiliation
54. The varna system described in the Rig Veda is based primarily on:
- A) Birth
 - B) Division of labor
 - C) Property ownership
 - D) Political power
55. The Human Development Index (HDI) includes which of the following dimensions?
- 1. Life expectancy
 - 2. Education
 - 3. Per capita income

Select the correct answer:

- A) 1 and 2 only
- B) 2 and 3 only
- C) 1 only
- D) All of the above

56. When was the Dowry Prohibition Act enacted?
- A) 1950
 - B) 1961
 - C) 1972
 - D) 1986
57. Which Article of the Indian Constitution prohibits caste based discrimination ?
- A) Article 14
 - B) Article 15
 - C) Article 19
 - D) Article 21
58. Which article of the Constitution allows the State to make special provisions for women and children ?
- A) Article 16(2)
 - B) Article 19(3)
 - C) Article 15(3)
 - D) Article 23(1)
59. The National Policy for the Empowerment of Women (NPEW) was adopted in which year?
- A) 1992
 - B) 1995
 - C) 2001
 - D) 2005
60. The Crude Birth Rate (CBR) is defined as:
- A) Number of births per 100 women of reproductive age
 - B) Number of births per 1,000 people in a given year
 - C) Number of births per married woman
 - D) Total number of live births per family
61. The One Stop Centre (OSC) Scheme, also known as Sakhi, was initiated to:
- A) Provide education to girls in rural areas
 - B) Offer support to women affected by violence
 - C) Ensure women's reservation in Parliament
 - D) Create women's employment centers
62. Which of the following best describes the salient feature of Indian society?
- A) Homogeneity and uniformity
 - B) Unity in diversity
 - C) Complete individualism
 - D) Ethnic isolation

63. In Indian society, endogamy primarily refers to:
- A) Marriage outside the caste
 - B) Marriage within the same caste or community
 - C) Child marriage
 - D) Widow remarriage
64. The Mandal Commission (1980) primarily dealt with:
- A) Land reforms
 - B) Reservation for Other Backward Classes (OBCs)
 - C) Women's rights
 - D) Religious minorities
65. The Scheduled Castes and Scheduled Tribes (Prevention of Atrocities) Act was enacted in:
- A) 1955
 - B) 1989
 - C) 1999
 - D) 2002
66. The Right to Education (RTE) in India is a fundamental right under:
- A) Article 21
 - B) Article 21A
 - C) Article 19
 - D) Article 15
67. Which of the following is a key feature of the RTE Act, 2009?
- A) No teacher qualifications required
 - B) 25% reservation in private unaided schools for disadvantaged children
 - C) Education only for urban children
 - D) Mandatory English-medium instruction
68. The Vatsalya Yojana scheme aims to assist women in Sikkim with:
- A) Home ownership
 - B) Fertility treatment (IVF)
 - C) Small business loans
 - D) Free vocational training
69. The "Palna" scheme in Sikkim aims to provide which facility?
- A) Free laptops to girls
 - B) Crèche facility for children of working parents
 - C) Scholarships for female students
 - D) Home-repair grants for women

70. The Swachh Bharat Mission (SBM) was launched in India in:
- A) 2012
 - B) 2014
 - C) 2016
 - D) 2018
71. The process by which lower castes adopt rituals and practices of higher castes to elevate social status is called:
- A) Westernization
 - B) Sanskritization
 - C) Secularization
 - D) Modernization
72. Measures to prevent religious violence include:
- A) Legal enforcement against hate speech
 - B) Interfaith dialogue and community engagement
 - C) Political accountability and policing reforms
 - D) All of the above
73. Which of the following is not a socio-economic indicator?
- A) Literacy rate
 - B) Gross Domestic Product (GDP) per capita
 - C) Life expectancy
 - D) Geographical area
74. Per capita income is an indicator of:
- A) Economic well-being
 - B) Literacy rate
 - C) Health status
 - D) Fertility
75. Article 30(1) of the Indian Constitution grants minorities the right to:
- A) Vote in elections
 - B) Establish and administer educational institutions
 - C) Claim reservation in government jobs
 - D) Practice religion freely
76. In the context of Indian economy, the terms OTR and GTR are directly related to which of the following area:
- A) Government Expenditure
 - B) International Trade
 - C) Government Taxation
 - D) Monetary Policy

77. Consider the following expenditure items in the government budget:

- i. Fertilizer subsidy to farmers
- ii. Purchase of Rafale Fighter Jets
- iii. Construction of roads
- iv. Interest Payments on government borrowings

Which of the following shows the combination of capital expenditure from the above expenditure items?

- A) i and ii
- B) i, ii and iii
- C) ii, iii and iv
- D) ii and iii only

78. The Sveriges Riksbank Prize in Economic Sciences in Memory of Alfred Nobel-2025 has been awarded on which of the following theme:

- A) Information asymmetry and market failure
- B) Innovation driven economic growth
- C) Poverty and development
- D) International Trade

79. Match list-I with list-II

List-I	List-II
1. Suma Bery	A. Chairman, 16 th Finance Commission
2. V. Anantha Nageswaran	B. Vice-Chairman, NITI Aayog
3. Mahendra Dev	C. Chief Economic Advisor, Govt of India
4. Arvind Pangariya	D. Chairman, Economic Advisory Council to the Prime Minister

- A) 1-A, 2-B, 3-C, 4-D
- B) 1-B, 2-C, 3-D, 4-A
- C) 1-B, 2-C, 3-A, 4-D
- D) 1-C, 2-B, 3-D, 4-A

80. When will the firm discontinue the production in the short-run?

- A) When the Price is more than Average Total Cost
- B) When the Price is equal to Average Total Cost
- C) When the Price is less than Average Variable Cost
- D) When Total Revenue is more than Total Cost

81. Choose the correct option of countries with quantity of gold reserves in descending order as per the latest data.

- A) Germany, China, USA, Italy
- B) China, USA, Germany, Italy
- C) USA, France, Italy, China
- D) USA, Germany, Italy, France

82. Who is the Chairman of the Security and Exchange Board of India (SEBI) currently?
- Ashok Gulati
 - Tuhin Kanta Pandey
 - Pronab Sen
 - Sanjeev Sanyal
83. Who was the proponent of Comparative Advantage Trade Theory?
- David Ricardo
 - Adam Smith
 - A.O. Hume
 - A.C. Pigou
84. Based on the following Assertion (A) and Reason (R) choose the correct answer:
- Assertion (A): Rise in Marginal Propensity to Save reduces the value of investment multiplier.*
Reason (R): Consumption is a positive function of income.
- A and R are true and R is the correct explanation of A
 - A and R are true and R is not the correct explanation of A
 - A is true but R is false
 - A is false but R is true
85. A perfectly competitive market is not characterised by which one of the following:
- Large number of sellers
 - Products are homogenous
 - Asymmetric information
 - Absence of advertisement cost
86. Consider the following options of government interventions:
- Decrease in tax rate
 - Reduction in Government expenditure
 - Increase in investment subsidy
 - Increase in Government expenditure with special focus on rural India
- Choose the correct combination from above policies which are characterised by expansionary fiscal policy.
- i, ii, and iii
 - i and ii only
 - i, iii and iv
 - iii and iv only
87. Choose the correct statements about PM-DevINE scheme.
- It is 100 percent central government funded scheme
 - It is meant for only the North Eastern states
 - It is meant for only the South Indian states
 - It includes financing for the projects under Gati-Shakti scheme
 - It is meant to enable livelihood activities for youth and women in South Indian states
- Which of the following shows the correct statements?

- A) i, iii and iv only
 B) i, iii, iv and v
 C) i, ii, and iv only
 D) i, ii, iv and v
88. Which of the following is not the part of the Bretton Woods Institutions?
 A) Asian Development Bank (ADB)
 B) International Bank for Reconstruction and Development (World Bank)
 C) International Monetary Fund (IMF)
 D) General Agreement on Tariffs and Trade (GATT)
89. Which of the following is the highest GST rate amongst different slabs of GST rates as per the latest order of the Government of India effective from 22nd September, 2025?
 A) 18 percent
 B) 28 percent
 C) 40 percent
 D) 56 percent
90. Which of the following states is the largest producer of sugarcane in India?
 A) Maharashtra
 B) Uttar Pradesh
 C) Assam
 D) Karnataka
91. Consider the following statements:
 i. Laffer Curve shows the relationship between tax rate and tax collection
 ii. Lorenz Curve measures the degree of inequality of income distribution
 iii. Phillips Curve shows the relationship between money supply and interest rate
 iv. Indifference Curve measures the level of satisfaction of a consumer
 Which of the following option consists of correct statements?
 A) i and iii only
 B) i, ii and iii
 C) i and iv only
 D) i, ii and iv
92. Currently how many members are there in BRICS?
 A) Five
 B) Six
 C) Eight
 D) Ten
93. Choose the correct order of the countries to whom India exports the most in descending order.
 A) China, Netherlands, UAE, USA
 B) USA, UAE, Netherlands, China
 C) USA, China, Netherlands, UAE
 D) UAE, USA, China, Netherlands

94. Which of the following states have the lowest sex ratio in NER as per 2011 census?
- A) Mizoram
 - B) Nagaland
 - C) Manipur
 - D) Sikkim
95. As per the 2023-24 data, which of the following states have highest quantity of rice production in the NER?
- A) Sikkim
 - B) Tripura
 - C) Nagaland
 - D) Manipur
96. Which of the following is not currently the function of traditional commercial bank in India.
- A) Credit creation
 - B) Maturity transformation
 - C) Mobilization of Savings
 - D) Printing money
97. Which of the following option is correct for commercial banks as per the size of their assets in descending order?
- A) HDFC Bank, SBI, PNB, ICICI Bank
 - B) SBI, ICICI Bank, PNB, HDFC Bank
 - C) PNB, SBI, ICICI Bank, HDFC Bank
 - D) SBI, HDFC Bank, PNB, ICICI Bank
98. Consider the following statements about the Marginal Standing Facility Rate?
- i. It allows commercial banks to borrow overnight funds from the RBI.
 - ii. It is always lower than Policy Repo Rate
 - iii. The current Marginal Standing Facility Rate is 5.75 percent
 - iv. It is always higher than Standing deposit Facility Rate
- Choose the option which consists of correct statements
- A) i, ii and iii
 - B) i and ii only
 - C) i, iii, and iv
 - D) iii and iv only
99. What is total number of members of the Monetary Policy Committee of the RBI?
- A) Four
 - B) Twelve
 - C) Nine
 - D) Six
100. Who was the first Vice-Chairman of the NITI Aayog?
- A) Arvind Panagariya
 - B) Amitabh Kant
 - C) Sanjeev Sanyal
 - D) Rajiv Kumar
